Brent International School Subic

School Profile 2026 - 2027

Our School

Brent Schools celebrate over 100 years of tradition in the Philippines. We are a series of three co-educational college preparatory schools offering an international standard education program for students aged 3 to 18, with classes offered in English for Pre-Kindergarten to Grade 12. This year, Brent International School Subic celebrates its 31st anniversary of catering to the educational needs of local families, as well as those of foreign investors and expatriates living in Subic Bay, a freeport area with a population representing over 30 nationalities.

As of the 2026-2027 school year, our Upper School has 71 students enrolled, 19 of whom belong to the graduating class of 2027.

Curriculum

Our curriculum remains competitive and innovative within the standards of the best international education available in the region, and is adapted to reflect the Christian mission that all Brent schools are founded upon, as well as the standards of the International Baccalaureate program.

Upper school courses for grades 9 and 10 work towards the IB Diploma Program that all students in grades 11 and 12 have the option to take. All students who fulfill graduation requirements receive the Brent diploma.

The Brent International School Subic campus is fully equipped with facilities that cater to effective instruction in curriculum courses, as well as for a variety of creative, active, and service-oriented pursuits made available to all students.
